A Persistent Advertiser

One of the most persistent advertisers in the history of success was Robinson Crusoe.

He believed in advertising—
He knew what he wanted—
a ship—
And he put up an ad for one.

He flung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every seafaring man.

The circulation was small and there was no other medium, but Crusoe kept it there despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after another was flapped out—and in the end got what he wanted, was happy and his name and fame have come down through the ages.

The present day merchant is much better off than Crusoe

HE HAS THE CITY DIRECTORY

through which he can reach all the people, some of whom want his goods. Your chances of success are thousands to his one, but your chances of failure are the same as his.

Suppose Robinson Cruso had taken down that signal after, say, a year, and declared "Advertising doesn't pay." Where would he and his story now be?

Put up your signal and keep it up. There will be a number of ships cruising around during the year, that will be glad to call and take you off the island of Dull Business

Crusoe advertised under discouraging circumstances—
You have got a sure thing—THE CITY DIRECTORY.

We want a Big Ad from You this Year

BREWERS' DEPARTMENT

THE J. F. WIESSNER & SONS BREWING CO.

The Finest Pale Beer

One of the events of the year 1910 was the introduction in April of the new product of the Wiessner Brewery. Believing a new pale beer, brewed in the thorough Wiessner way from the best materials, would prove popular, we imported the finest Bohemian hops for use in this new brew, together with the best barley malt. When placed on sale for the first time

WIESSNER'S PILSNER STYLE PALE BEER

was enthusiastically received, and has in less than a year become the most popular of pale beers. This new beer has a rich, pleasing flavor and is absolutely pure. It is somewhat stronger than the dark beers and much more nutritous. Because of its purity and on account of its value as a strengthening tonic physicians recommend it for invalids.
